

# Friends of the Novi Library

May 2016

## Book Nook News:

Back by popular demand is our July sale of paperback books. An additional 6 foot table will be on hand for the whole month of July to make sure all patrons have plenty of paperback books to choose from.

Don't be surprised to see a "Flash Sale" or two over the summer as well. Different books will be on sale for reduced prices so check in at the Book Nook whenever you are visiting the library over the summer.

The month of April has sales of \$1,914.13.

## What Happened:

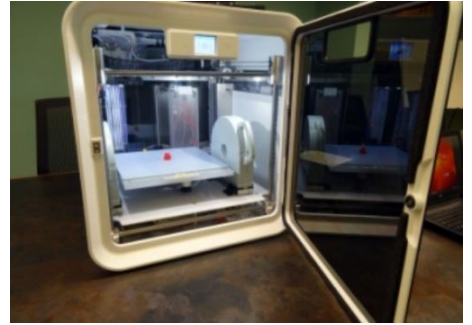

Our Jazz night with Sheila Landis was a big success. Around 60 people came to hear her sing accompanied by Rick Matle on 7-string guitar and David Taylor on drums.

She is a unique talent and provided those of us who attended with a fun and informative evening.

## What's New:

The Friends Board got an upfront and personal view of the new 3D printer that we purchased for the Library. Dominic Doot and Erin Durrett attended our April Board Meeting and explained how the printer works and the tools that exist to create 3D objects. Yes, that squarish box in the pictures is the 3D Printer – complete with a door!

They actually made a small red cat to show us the complete process. It was an excellent demo. Check out this web page if you want to know more about the printer and check the Library calendar for related events.

At our May Board Meeting we presented our 2016 scholarship winner, Catherine Boileau with a check for \$1000. She will attend Northern Michigan University in the fall, studying Secondary Education.

We decided to mix things up this year and have our annual Friends appreciation event in August so we can take advantage of our great Library Patio. Mark your calendars for August 26<sup>th</sup> and join us for music and wine.
