Owl Cupcakes

Ingredients:

- * Chocolate cupcake mix
- * Chocolate frosting
- * Oreos
- * M&Ms

1. Bake the chocolate cupcakes according to the instructions. After the cupcakes have cooled, frost them with the chocolate frosting.
2. Take 1 Oreo cookie, and split it in half so that one half has all the white frosting on it, and the other half is blank. You will need 2 frosted Oreo halves and 1 blank half for each cupcake.
3. Place the two frosted Oreo halves in the middle of the cupcake for large Owl eyes. Break the blank Oreo half into two equal pieces, and place above the eyes for owly eyebrows.
4. Use frosting to adhere an M&M into the middle of each Oreo eye for the pupil. Then add another M&M on its side under the eyes for a beak. Enjoy!
